position? *

Positions held Chairman of the Transportation Committee

at SCAG * Member of the Legislative / Communications & Membership Committee

Member of the Regional Council

Member of the Executive Administration Committee

Chairman of the Emerging Technologies Committee

Member of the Open Data / Big Data Committee

Member of the Regional Advanced Mitigation Planning Advisory Task Group

1. Why do you wish to serve as a SCAG Officer? *

I wish to serve as a SCAG Officer because I believe that SCAG has an important mission in connecting the lives of residents in Southern California. This includes transportation, technology, housing, and many other issues where a regional approach is valuable. SCAG's slogan of "Innovating for a Better Tomorrow" holds a key goal that I also have in ensuring that our residents are well served both now and into the future. As County Supervisor, a former legislator and mayor, I am keenly aware of the needs and challenges of our region and am up to the large task of doing what I can to lead others in finding innovative solutions. I have served at all levels of government, and I have served members of San

Bernardino, Los Angeles, and Orange Counties, so I have developed a regional perspective. As an Officer, I would have the opportunity to continue to work with staff and other elected officials in moving our region forward.

2. As an Officer, what would you contribute to SCAG? * My strengths as an officer would come from thinking out of the box. It takes a lot of hard work and dedication to bring projects to completion. In my many years of service, I have developed a reputation of someone who works well with others, thinks out of the box and gets things done. This collaborative approach to solving our region's challenges is an asset, and one that I will continue to leverage as an Officer. My broad base of experience in the public and private sector allow me to approach challenges in a unique way, and reach innovative solutions.

(A) In addition to attending regular and special meetings of SCAG's Regional Council, will you be able to attend other meetings and functions of SCAG, if requested? * Being engaged is an important part of being a leader, I look forward to playing an active role in moving forward SCAG goals and initiatives.

(B) What professional or personal constraints on your time or service that you anticipate? * I understand that this role comes with additional responsibilities and am ready and able to play an active role upon becoming an officer. The only challenges that I foresee would be possible scheduling conflicts; though, I would prioritize this role in the event of competing priorities. I presently serve as Chairman of the Board of Supervisors in San Bernardino County, and I look forward to bringing that experience to SCAG.

4. What are your values and skills that you could My reputation as someone who works well with others and gets the job done will be valuable assets in supporting the President and ensuring that SCAG as an organization achieves and exceeds its goals for our region. Regarding values and skill set, I look forward to continuing to bring creative problem solving, leading by example and innovative ideas to the table.

bring to SCAG

as an Officer? *

5. What is your vision for the future of SCAG and what do you believe needs to be done to accomplish this vision? *

There are a number of issues that need to be approached from a regional perspective rather than being in silos in a particular city or county because the issues cross political boundaries. Homelessness, transportation, and the use of technology are three issues that don't recognize city or county lines, and many others exist. Technology has been a personal interest area, one that I have continued to bring to the forefront of our organization's list of priorities and considerations. As a result of creating this dialogue, I asked for a subcommittee to be formed that explored some of the facets of implementing technology to meet our residents' needs. We have scratched the surface of what technology can do to help us solve problems, I believe that this needs to be an ongoing conversation, and will be actively engaged in further exploring as an Officer.

6. What would you consider the strengths of SCAG? *

SCAG is the largest MPO in our nation, with six counties, 191 cities and more than 19 million residents. We serve almost 50% of the total population of California. If our region was a state, we would be 5th largest on the list from the top with almost as many residents as the entire State of New York. The diverse size and scope of the region makes SCAG well-respected in all areas of planning in which it is engaged. SCAG does a phenomenal job of anticipating the infrastructure our region will need to keep up with the demands by residents to stay mobile.

SCAG also does a great job pursuing grant opportunities to improve the lives of residents, and works with our local partners in ensuring that we are heard.

7. What could SCAG improve on? * Because we serve so many communities, communication with the public is not always a simple task especially when it comes to reaching all of our stakeholders. SCAG is doing well in this area, and this is an area that I think that we can continue to improve as our technological capabilities increase. We should focus on non-traditional solutions to some of our regional challenges such as looking to improve goods movement and upgrades to government technological improvements.
